EMAIL:

YEARS IN INDUSTRY:

I AM A *(please circle)* Grower Researcher Agronomist Industry support
Other (please specify)

1. What are the top three issues holding back the productivity of your grain business?

2. Do you receive the following and if so, how do you use them:

- ☐ The South Australian Sowing Guide
- ☐ Farm Gross Margin and Enterprise Planning Guide

3. Rank from 1 to 10 how you like to receive research information:

- ____ Workshops
- ____ Conferences
- ____ Rural media (ie, Stock Journal, ABC Rural)
- ____ Specialist publications (Aust Grain, Farming Ahead, agronomic journals)
- ____ Internet
- ____ Mail-outs (brochures, newsletters) from organisations/companies - hard copy
- ____ Emails (ie, brochures, newsletters)
- ____ Social media (Facebook / Twitter / YouTube)
- ____ Via your local farming systems group
- ____ Crop walks and field days

4. Do you think there are currently any gaps in South Australian grains research? If so, list the areas where you think research is required.

5. What's the one big research or technology advancement that you think could revolutionise your business?

Thanks for your input. Finally, SAGIT would like to keep you up-to-date on R&D funded specifically for SA growers.

☐ Yes, please keep me informed about SAGIT research and development
